

# Phenolic

PARTITIONS | URINAL AND SIGHT SCREENS

Solid phenolic core is composed of compressed cellulose fibers impregnated with resins. The surface laminate is fused to the resin-impregnated core. All edges are machined and finished smooth with a 15-degree beveled edge. Material will not delaminate even under extreme conditions. Materials are non-absorbent, impact and graffiti resistant. Materials are impervious to steam, soaps and detergents and will not mildew.

## MATERIAL

Bradley phenolic core partitions are perfect for high traffic areas where durability, strength and finish options are needed. Its impact resistance and superior strength are a result of high heat and high-pressure molding of solid phenolic core material with a decorative melamine surface. 9 standard phenolic colors or patterns are available. Almost any other Wilsonart, Formica or Arborite color or pattern can be ordered at an additional charge. 3-year warranty against delamination and discoloration.

## PRODUCTS

Sentinel™ overhead-braced, floor-braced, ceiling-hung and floor-to-ceiling partitions, urinal and sight screens.

## APPLICATIONS

Outdoor parks, pools, shower rooms or any application where oil or water resistance is needed. Phenolic partitions withstand wet and humid environments.

## NEW! PHENOLIC STANDARD COLORS

Panels available up to 5'

Sheer Mesh  
(4876)

Fashion Grey  
(D381)

Carbon Ev  
(4820)

Shadow  
(D96)

Slate Grey  
(D91)

Graphite Nebula  
(4623)

Raw Chestnut •  
(7975)

Friston Ash •  
(8229)

Asian Night •  
(7949)

- Any directional wood grain panel taller or deeper than 58" will run perpendicular to the direction throughout the rest of the partition design. If a panel depth or height exceeds 58", please review for pattern conflicts.

Note: Due to printing variances, actual color and sheen of the material may differ. Contact your Bradley representative for material samples.
